

Going Shopping

Sometimes I get to go shopping with mom or dad. They know what we need to buy.

Making a list...

When they make a list, I can look at the list. I can help and try to find the things on the list. If we go to a grocery store, I could help find some of the things we need like,

apples

or hamburgers

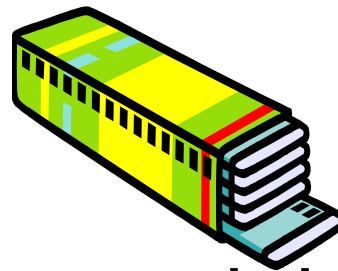

or juice.

Sometimes, I might be able to pick something to add to our list like gum or

candy

sometimes mom and dad will say “no”. It is okay if I do not get to choose something for the list. Maybe next time.

- After we choose the things that we need to buy we have to pay for them.

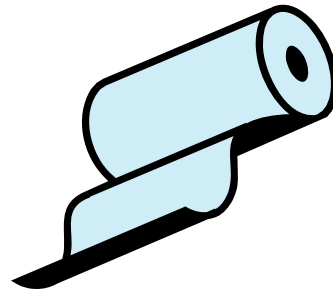

- It is not okay to take things from the store without paying for them first.

Some days mom or dad may need to go to the mall...

At the mall we can buy lots of different things like clothes, toys, games, things for the house or sometimes a snack.

We can buy lots of different things at the mall!

When I go to the grocery store or to the mall with mom or dad I need to remember to follow the rules...

- Use my quiet voice.
- Sometimes I will get to choose an item for our list. Sometimes I will not get to choose anything.
- It is not okay to take things without paying for them.
- If I want something I have to ask first. Sometimes mom or dad will say yes and sometimes mom or dad will say no.
- It is fun to go out with mom or dad!
