

Target Word™ Offered via Telepractice

The Hanen Program® for Parents of Children Who Are Late Talkers

Participating in the Target Word™ Program via Telepractice will help you learn to create opportunities for your child to send messages during his/her typical daily activities. You will also learn how to respond to these messages and help build your child's expressive vocabulary.

My Child's Communication Goal

After discussion with _____, our

Hanen Certified Speech-Language Pathologist (SLP), we have determined that

_____ 's communication goal for the Target Word™ Program is:

(child's name)

- Noisy**
Adds sounds to each of his communication turns
- Imitation**
Spontaneously (with no prompting) copies single words
- Single words**
Uses single words spontaneously
- Combinations**
Uses word combinations
